CORPORATE SPONSORSHIP BENEFITS

We are seeking sponsorship partners for the LCP.

The LCP seeks to establish a long-term, sustainable, community governed cycling program for all community members in the Laverton area, particularly at risk & indigenous youths.

This will provide access to education, fitness and well-being testing, training and participation events relevant to cycling as a form of social exercise.

Over the last two years CDF have implemented multiple successful cycling initiatives in the Laverton area. Importantly, the participants and local stakeholders are very supportive and keen for the CDF's LCP to both continue and expand.

There are a variety of sponsorship levels so no matter what size your business or company, you can be assured that there is a sponsorship level suited to your desired level of investment.
